

Introduction for Dan Poynter

Choices. Too many choices.

Your manuscript is finished, now what is the **best** way to get it published?

Each author's **situation**, **manuscript**, and **dreams** are unique. One publishing solution does not fit all.

Dan Poynter has **your** plan.

Dan has **written** books about books, he has **published** other authors and he has **sold** his manuscripts to publishers. He is one of the very few people to experience **both** sides of the desk: as an **author**, **publisher** and **self-publisher**.

Dan **knows** the answers and today he is going to share with us, the **faster**, **easier** way to get **published**.

It gives me great pleasure to introduce “Mr. Publishing” . . .
Dan Poynter.
